

COMMUNITY CONVERSATIONS

LET'S CHAT!

WE WANT TO HEAR FROM YOU!

"What creates a strong community?"
"What hurts your community?"
"Who is impacted most?"

Where you live is an important part of your health.

What are your thoughts about the health of your community?

Help us better understand the needs of your community and sign up for a community conversation.

WHY YOUR VOICE SHOULD BE HEARD

YOU LIVE/WORK IN THE COMMUNITY

Your health is often the sum of what surrounds you and your environment. We want to hear your experiences and how they may impact health outcomes.

REPRESENTATION & EQUITY MATTER

Fond du Lac County has a diverse community filled with varied lived experiences. Some populations experience health disparities more than others. It's important we hear from and involve diverse organizations and individuals in identifying challenges and solutions.

SMALL GROUP DISCUSSION

Meet in a group of 8-12 people to openly and honestly discuss the needs of the community.

BE A PART OF THE COMMUNITY HEALTH ASSESSMENT PROCESS

The community health assessment happens every 3 years by the health department, health care and other partners. We aim to identify health needs in our communities and goals to address them. We need your help in this process.
